SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 1755 of this title.

§ 1772. Special program to encourage the consumption of fluid milk by children; authorization of appropriations; eligibility for special milk program; minimum rate of reimbursement; ineligibility of commodity only schools

(a)(1) There is hereby authorized to be appropriated for the fiscal year ending June 30, 1970, and for each succeeding fiscal year, such sums as may be necessary to enable the Secretary of Agriculture, under such rules and regulations as the Secretary may deem in the public interest, to encourage consumption of fluid milk by children in the United States in (A) nonprofit schools of high school grade and under, except as provided in paragraph (2), which do not participate in a meal service program authorized under this chapter or the National School Lunch Act [42 U.S.C. 1751 et seq.], and (B) nonprofit nursery schools, child-care centers, settlement houses, summer camps, and similar nonprofit institutions devoted to the care and training of children, which do not participate in a meal service program authorized under this chapter or the National School Lunch Act.

(2) The limitation imposed under paragraph (1)(A) for participation of nonprofit schools in the special milk program shall not apply to split-session kindergarten programs conducted in schools in which children do not have access to the meal service program operating in schools the children attend as authorized under this chapter or the National School Lunch Act.

(3) For the purposes of this section "United States" means the fifty States, Guam, the Commonwealth of Puerto Rico, the Virgin Islands, American Samoa, the Trust Territory of the Pacific Islands, and the District of Columbia.

(4) The Secretary shall administer the special milk program provided for by this section to the maximum extent practicable in the same manner as the Secretary administered the special milk program provided for by this chapter during the fiscal year ending June 30, 1969.

(5) Any school or nonprofit child care institution which does not participate in a meal service

program authorized under this chapter or the National School Lunch Act shall receive the special milk program upon its request.

(6) Children who qualify for free lunches under guidelines set forth by the Secretary shall, at the option of the school involved (or of the local educational agency involved in the case of a public school) be eligible for free milk upon their request.

(7) For the fiscal year ending June 30, 1975, and for subsequent school years, the minimum rate of reimbursement for a half-pint of milk served in schools and other eligible institutions shall not be less than 5 cents per half-pint served to eligible children, and such minimum rate of reimbursement shall be adjusted on an annual basis each school year to reflect changes in the Producer Price Index for Fresh Processed Milk published by the Bureau of Labor Statistics of the Department of Labor.

(8) Such adjustment shall be computed to the nearest one-fourth cent.

(9) Notwithstanding any other provision of this section, in no event shall the minimum rate of reimbursement exceed the cost to the school or institution of milk served to children.

(10) The State educational agency shall disburse funds paid to the State during any fiscal year for purposes of carrying out the program under this section in accordance with such agreements approved by the Secretary as may be entered into by such State agency and the schools in the State. The agreements described in the preceding sentence shall be permanent agreements that may be amended as necessary. Nothing in the preceding sentence shall be construed to limit the ability of the State educational agency to suspend or terminate any such agreement in accordance with regulations prescribed by the Secretary.

(b) Commodity only schools shall not be eligible to participate in the special milk program under this section. For the purposes of the preceding sentence, the term "commodity only schools" means schools that do not participate in the school lunch program under the National School Lunch Act [42 U.S.C. 1751 et seq.], but which receive commodities made available by the Secretary for use by such schools in non-profit lunch programs.

§ 1773. School breakfast program

(a) Establishment; authorization of appropriations

There is hereby authorized to be appropriated such sums as are necessary to enable the Secretary to carry out a program to assist the States and the Department of Defense through grants-in-aid and other means to initiate, maintain, or expand nonprofit breakfast programs in all schools which make application for assistance and agree to carry out a nonprofit breakfast program in accordance with this chapter and to carry out the provisions of subsection (g) of this section. Appropriations and expenditures for this chapter shall be considered Health and Human Services functions for budget purposes rather than functions of Agriculture.

(b) Breakfast assistance payments to State educational agencies; calculation; national average payments for breakfasts, free breakfasts and reduced price breakfasts; maximum price for reduced cost breakfasts; minimum daily nutrition requirements criteria; additional payments for severe need schools; maximum severe need payments

(1)(A)(i) The Secretary shall make breakfast assistance payments to each State educational agency each fiscal year, at such times as the Secretary may determine, from the sums appropriated for such purpose, in an amount equal to the product obtained by multiplying—

(I) the number of breakfasts served during such fiscal year to children in schools in such States which participate in the school breakfast program under agreements with such State educational agency; by

(II) the national average breakfast payment for free breakfasts, for reduced price breakfasts, or for breakfasts served to children not eligible for free or reduced price meals, as appropriate, as prescribed in clause (B) of this paragraph.

(ii) The agreements described in clause (i)(I) shall be permanent agreements that may be amended as necessary. Nothing in the preceding sentence shall be construed to limit the ability of the State educational agency to suspend or terminate any such agreement in accordance with regulations prescribed by the Secretary.

(B) The national average payment for each free breakfast shall be 57 cents (as adjusted pursuant to section 1759a(a) of this title). The national average payment for each reduced price breakfast shall be one-half of the national average payment for each free breakfast, adjusted to the nearest one-fourth cent, except that in no case shall the difference between the amount of the national average payment for a free breakfast and the national average payment for a reduced price breakfast exceed 30 cents. The national average payment for each breakfast served to a child not eligible for free or reduced price meals shall be 8.25 cents (as adjusted pursuant to section 1759a(a) of this title).

(C) No school which receives breakfast assistance payments under this section may charge a price of more than 30 cents for a reduced price breakfast.

(D) No breakfast assistance payment may be made under this subsection for any breakfast served by a school unless such breakfast consists of a combination of foods which meet the minimum nutritional requirements prescribed by the Secretary under subsection (e) of this section.

(2)(A) The Secretary shall make additional payments for breakfasts served to children qualifying for a free or reduced price meal at schools that are in severe need.

(B) The maximum payment for each such free breakfast shall be the higher of—

(i) the national average payment established by the Secretary for free breakfasts plus 10 cents, or

(ii) 45 cents, which shall be adjusted on an annual basis each July 1 to the nearest one-fourth cent in accordance with changes in the series for food away from home of the Con-

sumer Price Index published by the Bureau of Labor Statistics of the Department of Labor for the most recent twelve-month period for which such data are available, except that the initial such adjustment shall be made on January 1, 1978, and shall reflect the change in the series of food away from home during the period November 1, 1976, to October 31, 1977.

(C) The maximum payment for each such reduced price breakfast shall be thirty cents less than the maximum payment for each free breakfast as determined under clause (B) of this paragraph.

(3) The Secretary shall increase by 6 cents the annually adjusted payment for each breakfast served under this chapter and section 1766 of this title. These funds shall be used to assist States, to the extent feasible, in improving the nutritional quality of the breakfasts.

(4) Notwithstanding any other provision of law, whenever stocks of agricultural commodities are acquired by the Secretary or the Commodity Credit Corporation and are not likely to be sold by the Secretary or the Commodity Credit Corporation or otherwise used in programs of commodity sale or distribution, the Secretary shall make such commodities available to school food authorities and eligible institutions serving breakfasts under this chapter in a quantity equal in value to not less than 3 cents for each breakfast served under this chapter and section 1766 of this title.

(5) Expenditures of funds from State and local sources for the maintenance of the breakfast program shall not be diminished as a result of funds or commodities received under paragraph (3) or (4).

(c) Disbursement of apportioned funds by State; preference for schools in poor economic areas, for students traveling long distances daily, and for schools for improvement of nutrition and dietary practices of children of working mothers and from low-income families

Funds apportioned and paid to any State for the purpose of this section shall be disbursed by the State educational agency to schools selected by the State educational agency to assist such schools in operating a breakfast program and for the purpose of subsection (d) of this section. Disbursement to schools shall be made at such rates per meal or on such other basis as the Secretary shall prescribe. In selecting schools for participation, the State educational agency shall, to the extent practicable, give first consideration to those schools drawing attendance from areas in which poor economic conditions exist, to those schools in which a substantial proportion of the children enrolled must travel long distances daily, and to those schools in which there is a special need for improving the nutrition and dietary practices of children of working mothers and children from low-income families. Breakfast assistance disbursements to schools under this section may be made in advance or by way of reimbursement in accordance with procedures prescribed by the Secretary.

(d) Severe need assistance; eligibility standards; receipt of lesser of operating costs of breakfast program or meal reimbursement rate

(1) Each State educational agency shall provide additional assistance to schools in severe need, which shall include only—

(A) those schools in which the service of breakfasts is required pursuant to State law; and

(B) those schools (having a breakfast program or desiring to initiate a breakfast program) in which, during the most recent second preceding school year for which lunches were served, 40 percent or more of the lunches served to students at the school were served free or at a reduced price, and in which the rate per meal established by the Secretary is insufficient to cover the costs of the breakfast program.

The provision of eligibility specified in clause (A) of this paragraph shall terminate effective July 1, 1983, for schools in States where the State legislatures meet annually and shall terminate effective July 1, 1984, for schools in States where the State legislatures meet biennially.

(2) A school, upon the submission of appropriate documentation about the need circumstances in that school and the school's eligibility for additional assistance, shall be entitled to receive 100 percent of the operating costs of the breakfast program, including the costs of obtaining, preparing, and serving food, or the meal reimbursement rate specified in paragraph (2) of subsection (b) of this section, whichever is less.

(e) Nutritional requirements; service free or at reduced price; compliance assistance

(1)(A) Breakfasts served by schools participating in the school breakfast program under this section shall consist of a combination of foods and shall meet the minimum nutritional requirements prescribed by the Secretary on the basis of tested nutritional research, except that the minimum nutritional requirements shall be measured by not less than the weekly average of the nutrient content of school breakfasts. Such breakfasts shall be served free or at a reduced price to children in school under the same terms and conditions as are set forth with respect to the service of lunches free or at a reduced price in section 1758 of this title.

(B) The Secretary shall provide through State educational agencies technical assistance and training, including technical assistance and training in the preparation of foods high in complex carbohydrates and lower-fat versions of foods commonly used in the school breakfast program established under this section, to schools participating in the school breakfast program to assist the schools in complying with the nutritional requirements prescribed by the Secretary pursuant to subparagraph (A) and in providing appropriate meals to children with medically certified special dietary needs. The Secretary shall provide through State educational agencies additional technical assistance to schools that are having difficulty maintaining compliance with the requirements.

(2) At the option of a local school food authority, a student in a school under the authority

that participates in the school breakfast program under this chapter may be allowed to refuse not more than one item of a breakfast that the student does not intend to consume. A refusal of an offered food item shall not affect the full charge to the student for a breakfast meeting the requirements of this section or the amount of payments made under this chapter to a school for the breakfast.

(f) Expansion of program

(1)(A) As a national nutrition and health policy, it is the purpose and intent of the Congress that the school breakfast program be made available in all schools where it is needed to provide adequate nutrition for children in attendance. The Secretary is hereby directed, in cooperation with State educational agencies, to carry out a program of information in furtherance of this policy.

(B) In cooperation with State educational agencies, the Secretary shall promote the school breakfast program by—

- (i) marketing the program in a manner that expands participation in the program by schools and students; and

(C) As used in this paragraph, the term “language appropriate materials” means materials using a language other than the English language in a case in which the language is dominant for a large percentage of individuals participating in the program.

(2)(A) Each State educational agency shall—

- (i) provide information to school boards and public officials concerning the benefits and availability of the school breakfast program; and
- (ii) select each year, for additional informational efforts concerning the program, schools in the State—

(I) in which a substantial portion of school enrollment consists of children from low-income families; and

(II) that do not participate in the school breakfast program.

(B) Not later than October 1, 1993, the Secretary shall report to the Committee on Education and Labor of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate concerning the efforts of the Secretary and the States to increase the participation of schools in the program.

(g) Startup and expansion costs

(1) Out of any moneys in the Treasury not otherwise appropriated, the Secretary of the Treasury shall provide to the Secretary \$5,000,000 for each of fiscal years 1991 through 1997, \$6,000,000 for fiscal year 1998, and \$7,000,000 for fiscal year 1999 and each subsequent fiscal year to make payments under this subsection. The Secretary shall be entitled to receive the funds and shall accept the funds. The Secretary shall use the funds to make payments on a competitive basis and in the following order of priority (subject to other provisions of this subsection), to—

(2) Payments received under this subsection shall be in addition to payments to which State agencies are entitled under subsection (b) of this section and section 13 of the National School Lunch Act (42 U.S.C. 1761).

(3) To be eligible to receive a payment under this subsection, a State educational agency shall submit to the Secretary a plan to initiate or expand school breakfast programs conducted in the State, including a description of the manner in which the agency will provide technical assistance and funding to schools in the State to initiate or expand the programs.

(4) In making payments under this subsection for any fiscal year to initiate or expand school breakfast programs, the Secretary shall provide a preference to State educational agencies that—

(A) have in effect a State law that requires the expansion of the programs during the year;

(B) have significant public or private resources that have been assembled to carry out the expansion of the programs during the year;

(C) do not have a school breakfast program available to a large number of low-income children in the State; or

(D) serve an unmet need among low-income children, as determined by the Secretary.

(5) In making payments under this subsection for any fiscal year to initiate or expand summer food service programs for children, the Secretary shall provide a preference to States—

(A)(i) in which the numbers of children participating in the summer food service program for children represent the lowest percentages of the number of children receiving free or reduced price meals under the school lunch program established under the National School Lunch Act (42 U.S.C. 1751 et seq.); or

(ii) that do not have a summer food service program for children available to a large number of low-income children in the State; and

(i) the manner in which the State will provide technical assistance and funding to service institutions in the State to expand the programs; and

(ii) significant public or private resources that have been assembled to carry out the expansion of the programs during the year.

(6) The Secretary shall act in a timely manner to recover and reallocate to other States any

amounts provided to a State educational agency or State under this subsection that are not used by the agency or State within a reasonable period (as determined by the Secretary).

(7) The Secretary shall allow States to apply on an annual basis for assistance under this subsection.

(8) Each State agency and State, in allocating funds within the State, shall give preference for assistance under this subsection to eligible schools and service institutions that demonstrate the greatest need for a school breakfast program or a summer food service program for children, respectively.

(9) Expenditures of funds from State and local sources for the maintenance of the school breakfast program and the summer food service program for children shall not be diminished as a result of payments received under this subsection.

(10) As used in this subsection:

(A) The term “eligible school” means a school—

(i) attended by children a significant percentage of whom are members of low-income families;

(ii)(I) as used with respect to a school breakfast program, that agrees to operate the school breakfast program established or expanded with the assistance provided under this subsection for a period of not less than 3 years; and

§ 1776. State administrative expenses

(a) Amount available; formula for computation of payment; improved program integrity and meal quality; use for costs of administration of programs for which allocation made; retention of funds by Secretary

(1) Each fiscal year, the Secretary shall make available to the States for their administrative

costs an amount equal to not less than 1½ percent of the Federal funds expended under sections 4, 11, and 17 of the National School Lunch Act [42 U.S.C. 1753, 1759a, 1766] and 1772 and 1773 of this title during the second preceding fiscal year. The Secretary shall allocate the funds so provided in accordance with paragraphs (2), (3), and (4) of this subsection. There are hereby authorized to be appropriated such sums as may be necessary to carry out the purposes of this section.

(2) The Secretary shall allocate to each State for administrative costs incurred in any fiscal year in connection with the programs authorized under the National School Lunch Act [42 U.S.C. 1751 et seq.] or under this chapter, except for the programs authorized under section 13 or 17 of the National School Lunch Act [42 U.S.C. 1761, 1766] or under section 1786 of this title, an amount equal to not less than 1 percent and not more than 1½ percent of the funds expended by each State under sections 4 and 11 of the National School Lunch Act [42 U.S.C. 1753, 1759a] and sections 1772 and 1773 of this title during the second preceding fiscal year. In no case shall the grant available to any State under this subsection be less than the amount such State was allocated in the fiscal year ending September 30, 1981, or \$100,000, whichever is larger.

(3) The Secretary shall allocate to each State for its administrative costs incurred under the program authorized by section 17 of the National School Lunch Act [42 U.S.C. 1766] in any fiscal year an amount, based upon funds expended under that program in the second preceding fiscal year, equal to (A) 20 percent of the first \$50,000, (B) 10 percent of the next \$100,000, (C) 5 percent of the next \$250,000, and (D) 2½ percent of any remaining funds. If an agency in the State other than the State educational agency administers such program, the State shall ensure that an amount equal to no less than the funds due the State under this paragraph is provided to such agency for costs incurred by such agency in administering the program, except as provided in paragraph (5). The Secretary may adjust any State's allocation to reflect changes in the size of its program.

(4) The remaining funds appropriated under this section shall be allocated among the States by the Secretary in amounts the Secretary determines necessary for the improvement in the States of the administration of the programs authorized under the National School Lunch Act [42 U.S.C. 1751 et seq.] and this chapter, except for section 1786 of this title, including, but not limited to, improved program integrity and the quality of meals served to children.

(5)(A) Not more than 25 percent of the amounts made available to each State under this section for the fiscal year 1991 and 20 percent of the amounts made available to each State under this section for the fiscal year 1992 and for each succeeding fiscal year may remain available for obligation or expenditure in the fiscal year succeeding the fiscal year for which such amounts were appropriated.

(B)(i) In the fiscal year 1991 and each succeeding fiscal year, any amounts appropriated that are not obligated or expended during such fiscal year and are not carried over for the succeeding

fiscal year under subparagraph (A) shall be returned to the Secretary. From any amounts returned to the Secretary under the preceding sentence:

(I) The Secretary shall allocate, for the purpose of providing grants on an annual basis to public entities and private nonprofit organizations participating in projects under section 17B of the National School Lunch Act [42 U.S.C. 1766b], not more than \$4,000,000 in fiscal year 1995 and each subsequent fiscal year. Subject to the maximum allocation for the projects for each fiscal year, at the beginning of fiscal year 1995 and each subsequent fiscal year, the Secretary shall allocate, from funds available under this section that have not been otherwise allocated to the States, an amount equal to the estimates by the Secretary of funds to be returned under this clause, but not less than \$1,000,000 in each fiscal year. To the extent that amounts returned to the Secretary are less than estimated or are insufficient to meet the needs of the projects, the Secretary may, subject to the maximum allocations established in this subclause, allocate amounts to meet the needs of the projects from funds available under this section that have not been otherwise allocated to States.

(II) After making the allocations under subclause (I), the Secretary shall allocate, for purposes of administrative costs, any remaining amounts among States that demonstrate a need for such amounts.

(ii) In any fiscal year in which amounts returned to the Secretary under the first sentence of clause (i) are insufficient to provide the complete allocation described in clause (i)(I), all of such amounts shall be allocated for the purpose described in clause (i)(I).

(6) Funds available to States under this subsection and under section 13(k)(1) of the National School Lunch Act [42 U.S.C. 1761(k)(1)] shall be used for the costs of administration of the programs for which the allocations are made, except that States may transfer up to 10 percent of any of the amounts allocated among such programs.

(7) Where the Secretary is responsible for the administration of programs under this chapter or the National School Lunch Act [42 U.S.C. 1751 et seq.], the amount of funds that would be allocated to the State agency under this section and under section 13(k)(1) of the National School Lunch Act [42 U.S.C. 1761(k)(1)] shall be retained by the Secretary for the Secretary's use in the administration of such programs.

(8) In the fiscal year 1991 and each succeeding fiscal year, in accordance with regulations issued by the Secretary, each State shall ensure that the State agency administering the distribution of commodities under programs authorized under this chapter and under the National School Lunch Act [42 U.S.C. 1751 et seq.] is provided, from funds made available to the State under this subsection, an appropriate amount of funds for administrative costs incurred in distributing such commodities. In developing such regulations, the Secretary may consider the value of commodities provided to the State under this chapter and under the National School Lunch Act.

(9)(A) If the Secretary determines that the administration of any program by a State under this chapter (other than section 1786 of this title) or under the National School Lunch Act (42 U.S.C. 1751 et seq.), or compliance with a regulation issued pursuant to either this chapter or such Act, is seriously deficient, and the State fails to correct the deficiency within a specified period of time, the Secretary may withhold from the State some or all of the funds allocated to the State under this section or under section 13(k)(1) or 17 of the National School Lunch Act (42 U.S.C. 1761(k)(1) or 1766).

(B) On a subsequent determination by the Secretary that the administration of any program referred to in subparagraph (A), or compliance with the regulations issued to carry out the program, is no longer seriously deficient and is operated in an acceptable manner, the Secretary may allocate some or all of the funds withheld under such subparagraph.

(b) Funds, usage; compensation, benefits, and travel expenses of personnel; support services; office equipment; staff development

Funds paid to a State under subsection (a) of this section may be used to pay salaries, including employee benefits and travel expenses, for administrative and supervisory personnel; for support services; for office equipment; and for staff development.

(c) Fund adjustment; State administered programs

If any State agency agrees to assume responsibility for the administration of food service programs in nonprofit private schools or child care institutions that were previously administered by the Secretary, an appropriate adjustment shall be made in the administrative funds paid under this section to the State not later than the succeeding fiscal year.

(d) Unused funds; availability for obligation and expenditure, and reallocation to other States

Notwithstanding any other provision of law, funds made available to each State under this section shall remain available for obligation and expenditure by that State during the fiscal year immediately following the fiscal year for which such funds were made available. For each fiscal year the Secretary shall establish a date by which each State shall submit to the Secretary a plan for the disbursement of funds provided under this section for each such year, and the Secretary shall reallocate any unused funds, as evidenced by such plans, to other States as the Secretary considers appropriate.

(e) Commodity distribution program

The State may use a portion of the funds available under this section to assist in the administration of the commodity distribution program.

(f) State plan; use of funds

Each State shall submit to the Secretary for approval by October 1 of each year an annual plan for the use of State administrative expense funds, including a staff formula for State personnel, system level supervisory and operating personnel, and school level personnel.

(g) State funding requirement

Payments of funds under this section shall be made only to States that agree to maintain a level of funding out of State revenues, for administrative costs in connection with programs under this chapter (except section 1786 of this title) and the National School Lunch Act [42 U.S.C. 1751 et seq.] (except section 13 of that Act [42 U.S.C. 1761]), not less than the amount expended or obligated in fiscal year 1977, and that agree to participate fully in any studies authorized by the Secretary.

(h) State participation in study or survey requirement

The Secretary may not provide amounts under this section to a State for administrative costs incurred in any fiscal year unless the State agrees to participate in any study or survey of programs authorized under this chapter or the National School Lunch Act (42 U.S.C. 1751 et seq.) and conducted by the Secretary.

(i) Authorization of appropriations

For the fiscal year beginning October 1, 1977, and each succeeding fiscal year ending before October 1, 1998, there are hereby authorized to be appropriated such sums as may be necessary for the purposes of this section.

§ 1786. Special supplemental nutrition program for women, infants, and children

(a) Congressional findings and declaration of purpose

Congress finds that substantial numbers of pregnant, postpartum, and breastfeeding women, infants, and young children from families with inadequate income are at special risk with respect to their physical and mental health by reason of inadequate nutrition or health care, or both. It is, therefore, the purpose of the program authorized by this section to provide, up to the authorization levels set forth in subsection (g) of this section, supplemental foods and nutrition education through any eligible local agency that applies for participation in the program. The program shall serve as an adjunct to good health care, during critical times of growth and development, to prevent the occurrence of health problems, including drug abuse, and improve the health status of these persons.

(b) Definitions

As used in this section—

(10) “Postpartum women” means women up to six months after termination of pregnancy.

(11) “Pregnant women” means women determined to have one or more fetuses in utero.

(12) “Secretary” means the Secretary of Agriculture.

an Indian tribe, band, or group recognized by the Department of the Interior; an intertribal council or group that is the authorized representative of Indian tribes, bands, or groups recognized by the Department of the Interior; or the Indian Health Service of the Department of Health and Human Services.

(14) “Supplemental foods” means those foods containing nutrients determined by nutritional research to be lacking in the diets of pregnant, breastfeeding, and postpartum women, infants, and children, as prescribed by the Secretary. State agencies may, with the approval of the Secretary, substitute different foods providing the nutritional equivalent of foods prescribed by the Secretary, to allow for different cultural eating patterns.

(15) “Homeless individual” means—

(A) an individual who lacks a fixed and regular nighttime residence; or

(B) an individual whose primary nighttime residence is—

(i) a supervised publicly or privately operated shelter (including a welfare hotel or congregate shelter) designed to provide temporary living accommodations;

(ii) an institution that provides a temporary residence for individuals intended to be institutionalized;

such State agency, or its representative, from the supplier.

(20) "Net price" means the difference between the manufacturer's wholesale price for infant formula and the rebate level or the discount offered or provided by the manufacturer under a cost containment contract entered into with the pertinent State agency.

(c) Grants-in-aid; cash grants; ratable reduction of amount an agency may distribute; affirmative action; regulations relating to dual receipt of benefits under commodity supplemental food program; promotion

(1) The Secretary may carry out a special supplemental nutrition program to assist State agencies through grants-in-aid and other means to provide, through local agencies, at no cost, supplemental foods and nutrition education to low-income pregnant, postpartum, and breastfeeding women, infants, and children who satisfy the eligibility requirements specified in subsection (d) of this section. The program shall be supplementary to—

(A) the food stamp program;

(B) any program under which foods are distributed to needy families in lieu of food stamps; and

(C) receipt of food or meals from soup kitchens, or shelters, or other forms of emergency food assistance.

(2) Subject to amounts appropriated to carry out this section under subsection (g) of this section—

(B) any State agency approved eligible local agency that applies to participate in or expand the program under this section shall immediately be provided with the necessary funds to carry out the program.

(3) Nothing in this subsection shall be construed to permit the Secretary to reduce ratably the amount of foods that an eligible local agency shall distribute under the program to participants. The Secretary shall take affirmative action to ensure that the program is instituted in areas most in need of supplemental foods. The existence of a commodity supplemental food program under section 4 of the Agriculture and Consumer Protection Act of 1973 shall not preclude the approval of an application from an eligible local agency to participate in the program under this section nor the operation of such program within the same geographic area as that of the commodity supplemental food program, but the Secretary shall issue such regulations as are necessary to prevent dual receipt of benefits under the commodity supplemental food program and the program under this section.

(4) A State shall be ineligible to participate in programs authorized under this section if the Secretary determines that State or local sales taxes are collected within the State on purchases of food made to carry out this section.

(5) The Secretary shall promote the special supplemental nutrition program by producing and distributing materials, including television and radio public service announcements in

English and other appropriate languages, that inform potentially eligible individuals of the benefits and services under the program.

(d) Eligible participants

(1) Participation in the program under this section shall be limited to pregnant, postpartum, and breastfeeding women, infants, and children from low-income families who are determined by a competent professional authority to be at nutritional risk.

(2)(A) The Secretary shall establish income eligibility standards to be used in conjunction with the nutritional risk criteria in determining eligibility of individuals for participation in the program. Any individual at nutritional risk shall be eligible for the program under this section only if such individual—

(i) is a member of a family with an income that is less than the maximum income limit prescribed under section 1758(b) of this title for free and reduced price meals;

(ii)(I) receives food stamps under the Food Stamp Act of 1977 [7 U.S.C. 2011 et seq.]; or

(II) is a member of a family that receives assistance under the program for aid to families with dependent children established under part A of title IV of the Social Security Act [42 U.S.C. 601 et seq.]; or

(iii)(I) receives medical assistance under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.]; or

(II) is a member of a family in which a pregnant woman or an infant receives such assistance.

(B) For the purpose of determining income eligibility under this section, any State agency may choose to exclude from income any basic allowance for quarters received by military service personnel residing off military installations.

(C) In the case of a pregnant woman who is otherwise ineligible for participation in the program because the family of the woman is of insufficient size to meet the income eligibility standards of the program, the pregnant woman shall be considered to have satisfied the income eligibility standards if, by increasing the number of individuals in the family of the woman by 1 individual, the income eligibility standards would be met.

(3)(A) Persons shall be certified for participation in accordance with general procedures prescribed by the Secretary.

(B) A State may consider pregnant women who meet the income eligibility standards to be presumptively eligible to participate in the program and may certify the women for participation immediately, without delaying certification until an evaluation is made concerning nutritional risk. A nutritional risk evaluation of such a woman shall be completed not later than 60 days after the woman is certified for participation. If it is subsequently determined that the woman does not meet nutritional risk criteria, the certification of the woman shall terminate on the date of the determination.

(4) The Secretary shall report biennially to Congress and the National Advisory Council on Maternal, Infant, and Fetal Nutrition established under subsection (k) of this section on—

- (A) the income and nutritional risk characteristics of participants in the program;
- (B) participation in the program by members of families of migrant farmworkers; and
- (C) such other matters relating to participation in the program as the Secretary considers appropriate.

(e) Nutrition education and drug abuse education

(1) The State agency shall ensure that nutrition education and drug abuse education is provided to all pregnant, postpartum, and breastfeeding participants in the program and to parents or caretakers of infant and child participants in the program. The State agency may also provide nutrition education and drug abuse education to pregnant, postpartum, and breastfeeding women and to parents or caretakers of infants and children enrolled at local agencies operating the program under this section who do not participate in the program.

(2) The Secretary shall prescribe standards to ensure that adequate nutrition education services and breastfeeding promotion and support are provided. The State agency shall provide training to persons providing nutrition education under this section. Nutrition education and breastfeeding promotion and support shall be evaluated annually by each State agency, and such evaluation shall include the views of participants concerning the effectiveness of the nutrition education and breastfeeding promotion and support they have received.

(3) The Secretary shall, after submitting proposed nutrition education materials to the Secretary of Health and Human Services for comment, issue such materials for use in the program under this section.

(4) The State agency shall—

(A) ensure that written information concerning food stamps, the program for aid to families with dependent children under part A of title IV of the Social Security Act [42 U.S.C. 601 et seq.], and the child support enforcement program under part D of title IV of the Social Security Act [42 U.S.C. 651 et seq.] is provided on at least 1 occasion to each adult participant in and each applicant for the program;

(B) provide each local agency with materials showing the maximum income limits, according to family size, applicable to pregnant women, infants, and children up to age 5 under the medical assistance program established under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.] (in this section referred to as the “medicaid program”); and

(C) provide to individuals applying for the program under this section, or reapplying at the end of their certification period, written information about the medicaid program and referral to such program or to agencies authorized to determine presumptive eligibility for such program, if such individuals are not participating in such program and appear to have family income below the applicable maximum income limits for such program.

(5) The State agency shall ensure that each local agency shall maintain and make available for distribution a list of local resources for substance abuse counseling and treatment.

(6) Each local agency may use a master file to document and monitor the provision of nutrition education services (other than the initial provision of such services) to individuals that are required, under standards prescribed by the Secretary, to be included by the agency in group nutrition education classes.

(f) Plan of operation and administration by State agency

(1)(A) Each State agency shall submit annually to the Secretary, by a date specified by the Secretary, a plan of operation and administration for a fiscal year.

(B) To be eligible to receive funds under this section for a fiscal year, a State agency must receive the approval of the Secretary for the plan submitted for the fiscal year.

(C) The plan shall include—

(i) a description of the food delivery system of the State agency and the method of enabling participants to receive supplemental foods under the program, to be administered in accordance with standards developed by the Secretary;

(ii) a description of the financial management system of the State agency;

(iii) a plan to coordinate operations under the program with special counseling services, such as the expanded food and nutrition education program, immunization programs, local programs for breastfeeding promotion, prenatal care, well-child care, family planning, drug abuse education, alcohol and drug abuse counseling and treatment, child abuse counseling, and with the aid to families with dependent children, food stamp, maternal and child health care, and medicaid programs, including medicaid programs that use coordinated care providers under a contract entered into under section 1903(m), or a waiver granted under section 1915(b), of the Social Security Act (42 U.S.C. 1396b(m) or 1396n(b)) (including coordination through the referral of potentially eligible women, infants, and children between the program authorized under this section and the medicaid program);

(iv) a plan to provide program benefits under this section to, and to meet the special nutrition education needs of, eligible migrants, homeless individuals, and Indians;

(v) a plan to expend funds to carry out the program during the relevant fiscal year;

(vi) a plan to provide program benefits under this section to unserved and underserved areas in the State, if sufficient funds are available to carry out this clause;

(vii) a plan to provide program benefits under this section to eligible individuals most in need of the benefits and to provide eligible individuals not participating in the program with information on the program, the eligibility criteria for the program, and how to apply for the program, with emphasis on reaching and enrolling eligible women in the early months of pregnancy, including provisions to reach and enroll eligible migrants;

(viii) a plan to provide program benefits under this section to unserved infants and children under the care of foster parents, protective services, or child welfare authorities, including infants exposed to drugs perinatally;

(ix) if the State agency chooses to provide program benefits under this section to some or all eligible individuals who are incarcerated in prisons or juvenile detention facilities that do not receive Federal assistance under any program specifically established to assist pregnant women regarding their nutrition and health needs, a plan for the provision of such benefits to, and to meet the special nutrition education needs of, such individuals, which may include—

(I) providing supplemental foods to such individuals that are different from those provided to other participants in the program under this section;

(II) providing such foods to such individuals in a different manner than to other participants in the program under this section in order to meet the special needs of such individuals; and

(III) the development of nutrition education materials appropriate for the special needs of such individuals;

(x) a plan to improve access to the program for participants and prospective applicants who are employed, or who reside in rural areas, by addressing their special needs through the adoption or revision of procedures and practices to minimize the time participants and applicants must spend away from work and the distances that participants and applicants must travel, including appointment scheduling, adjustment of clinic hours, clinic locations, or mailing of multiple vouchers;

(xi) a plan to provide nutrition education and promote breastfeeding;

(xii) if the State agency chooses to request the funds conversion authority established in clause¹ (h)(5) of this section, an estimate of the increased participation which will result from its cost-saving initiative, including an explanation of how the estimate was developed; and

(xiii) such other information as the Secretary may require.

(D) The Secretary may permit a State agency to submit only those parts of a plan that differ from plans submitted for previous fiscal years.

(E) The Secretary may not approve any plan that permits a person to participate simultaneously in both the program authorized under this section and the commodity supplemental food program authorized under sections 4 and 5 of the Agriculture and Consumer Protection Act of 1973 (7 U.S.C. 612c note).

(2) A State agency shall establish a procedure under which members of the general public are provided an opportunity to comment on the development of the State agency plan.

(3) The Secretary shall establish procedures under which eligible migrants may, to the maximum extent feasible, continue to participate in the program under this section when they are present in States other than the State in which they were originally certified for participation in the program and shall ensure that local programs provide priority consideration to serving migrant participants who are residing in the

State for a limited period of time. Each State agency shall be responsible for administering the program for migrant populations within its jurisdiction.

(4) State agencies shall submit monthly financial reports and participation data to the Secretary.

(5) State and local agencies operating under the program shall keep such accounts and records, including medical records, as may be necessary to enable the Secretary to determine whether there has been compliance with this section and to determine and evaluate the benefits of the nutritional assistance provided under this section. Such accounts and records shall at all times be available for inspection and audit by representatives of the Secretary and shall be preserved for such period of time, not in excess of five years, as the Secretary determines necessary.

(6) The State agency, upon receipt of a completed application from a local agency for participation in the program (and the Secretary, upon receipt of a completed application from a State agency), shall notify the applicant agency in writing within thirty days of the approval or disapproval of the application, and any disapproval shall be accompanied with a statement of the reasons for such disapproval. Within fifteen days after receipt of an incomplete application, the State agency (or the Secretary) shall notify the applicant agency of the additional information needed to complete the application.

(7)(A) Local agencies participating in the program under this section shall notify persons of their eligibility or ineligibility for the program within twenty days of the date that the household, during office hours of a local agency, personally makes an oral or written request to participate in the program. The Secretary shall establish a shorter notification period for categories of persons who, due to special nutritional risk conditions, must receive benefits more expeditiously.

(B) State agencies may provide for the delivery of vouchers to any participant who is not scheduled for nutrition education counseling or a recertification interview through means, such as mailing, that do not require the participant to travel to the local agency to obtain vouchers. The State agency shall describe any plans for issuance of vouchers by mail in its plan submitted under paragraph (1). The Secretary may disapprove a State plan with respect to the issuance of vouchers by mail in any specified jurisdiction or part of a jurisdiction within a State only if the Secretary finds that such issuance would pose a significant threat to the integrity of the program under this section in such jurisdiction or part of a jurisdiction.

(8)(A) The State agency shall, in cooperation with participating local agencies, publicly announce and distribute information on the availability of program benefits (including the eligibility criteria for participation and the location of local agencies operating the program) to offices and organizations that deal with significant numbers of potentially eligible individuals (including health and medical organizations, hospitals and clinics, welfare and unemployment offices, social service agencies, farmworker or-

¹ So in original. Probably should be "subsection".

ganizations, Indian tribal organizations, organizations and agencies serving homeless individuals and shelters for victims of domestic violence, and religious and community organizations in low income areas).

(B) The information shall be publicly announced by the State agency and by local agencies at least annually.

(C) The State agency and local agencies shall distribute the information in a manner designed to provide the information to potentially eligible individuals who are most in need of the benefits, including pregnant women in the early months of pregnancy.

(D) Each local agency operating the program within a hospital and each local agency operating the program that has a cooperative arrangement with a hospital shall—

(i) advise potentially eligible individuals that receive inpatient or outpatient prenatal, maternity, or postpartum services, or accompany a child under the age of 5 who receives well-child services, of the availability of program benefits; and

(ii) to the extent feasible, provide an opportunity for individuals who may be eligible to be certified within the hospital for participation in such program.

(9)(A) The State agency shall grant a fair hearing, and a prompt determination thereafter, in accordance with regulations issued by the Secretary, to any applicant, participant, or local agency aggrieved by the action of a State or local agency as it affects participation.

(B) Any State agency that must suspend or terminate benefits to any participant during the participant's certification period due to a shortage of funds for the program shall first issue a notice to such participant. Such notice shall include, in addition to other information required by the Secretary, the categories of participants whose benefits are being suspended or terminated due to such shortage.

(10) If an individual certified as eligible for participation in the program under this section in one area moves to another area in which the program is operating, that individual's certification of eligibility shall remain valid for the period for which the individual was originally certified.

(11) The Secretary shall establish standards for the proper, efficient, and effective administration of the program, including standards that will ensure sufficient State agency staff. If the Secretary determines that a State agency has failed without good cause to administer the program in a manner consistent with this section or to implement the approved plan of operation and administration under this subsection, the Secretary may withhold such amounts of the State agency's funds for nutrition services and administration as the Secretary deems appropriate. Upon correction of such failure during a fiscal year by a State agency, any funds so withheld for such fiscal year shall be provided the State agency.

(12) The Secretary shall prescribe by regulation the supplemental foods to be made available in the program under this section. To the degree possible, the Secretary shall assure that the fat, sugar, and salt content of the prescribed

foods is appropriate. Products specifically designed for pregnant, postpartum, and breastfeeding women, or infants shall be available at the discretion of the Secretary if the products are commercially available or are justified to and approved by the Secretary based on clinical tests performed in accordance with standards prescribed by the Secretary.

(13) A competent professional authority shall be responsible for prescribing the appropriate supplemental foods, taking into account medical and nutritional conditions and cultural eating patterns, and, in the case of homeless individuals, the special needs and problems of such individuals.

(14) The State agency shall (A) provide nutrition education, breastfeeding promotion, and drug abuse education materials and instruction in languages other than English and (B) use appropriate foreign language materials in the administration of the program, in areas in which a substantial number of low-income households speak a language other than English.

(15) If a State agency determines that a member of a family has received an overissuance of food benefits under the program authorized by this section as the result of such member intentionally making a false or misleading statement or intentionally misrepresenting, concealing, or withholding facts, the State agency shall recover, in cash, from such member an amount that the State agency determines is equal to the value of the overissued food benefits, unless the State agency determines that the recovery of the benefits would not be cost effective.

(16) To be eligible to participate in the program authorized by this section, a manufacturer of infant formula that supplies formula for the program shall—

(A) register with the Secretary of Health and Human Services under the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.]; and

(B) before bidding for a State contract to supply infant formula for the program, certify with the State health department that the formula complies with such Act and regulations issued pursuant to such Act.

(17) The State agency may adopt methods of delivering benefits to accommodate the special needs and problems of homeless individuals and to accommodate the special needs and problems of individuals who are incarcerated in prisons or juvenile detention facilities.

(18) Notwithstanding subsection (d)(2)(A)(i) of this section, not later than July 1 of each year, a State agency may implement income eligibility guidelines under this section concurrently with the implementation of income eligibility guidelines under the medicaid program established under title XIX of the Social Security Act (42 U.S.C. 1396 et seq.).

(19) Each local agency participating in the program under this section shall provide information about other potential sources of food assistance in the local area to individuals who apply in person to participate in the program under this section, but who cannot be served because the program is operating at capacity in the local area.

(20) The State agency shall adopt policies that—

(A) require each local agency to attempt to contact each pregnant woman who misses an appointment to apply for participation in the program under this section, in order to reschedule the appointment, unless the phone number and the address of the woman are unavailable to such local agency; and

(B) in the case of local agencies that do not routinely schedule appointments for individuals seeking to apply or be recertified for participation in the program under this section, require each such local agency to schedule appointments for each employed individual seeking to apply or be recertified for participation in such program so as to minimize the time each such individual is absent from the workplace due to such application or request for recertification.

(21) Each State agency shall conduct monitoring reviews of each local agency at least biennially.

(22) In the State plan submitted to the Secretary for fiscal year 1994, each State agency shall advise the Secretary regarding the procedures to be used by the State agency to reduce the purchase of low-iron infant formula for infants on the program for whom such formula has not been prescribed by a physician or other appropriate health professional, as determined by regulations issued by the Secretary.

(23) A State agency may use funds recovered as a result of violations in the food delivery system of the program in the year in which the funds are collected for the purpose of carrying out the program.

(24) The Secretary and the Secretary of Health and Human Services shall carry out an initiative to assure that, in a case in which a State medicaid program uses coordinated care providers under a contract entered into under section 1903(m), or a waiver granted under section 1915(b), of the Social Security Act (42 U.S.C. 1396b(m) or 1396n(b)), coordination between the program authorized by this section and the medicaid program is continued, including—

(A) the referral of potentially eligible women, infants, and children between the 2 programs; and

(B) the timely provision of medical information related to the program authorized by this section to agencies carrying out the program.

(g) Authorization of appropriations; allocation of funds; estimate of families having income below limit for participation

(1) There are authorized to be appropriated to carry out this section \$2,158,000,000 for the fiscal year 1990, and such sums as may be necessary for each of the fiscal years 1995 through 1998. As authorized by section 1752 of this title, appropriations to carry out the provisions of this section may be made not more than 1 year in advance of the beginning of the fiscal year in which the funds will become available for disbursement to the States, and shall remain available for the purposes for which appropriated until expended.

(2)(A) Notwithstanding any other provision of law, unless enacted in express limitation of this subparagraph, the Secretary—

(i) in the case of legislation providing funds through the end of a fiscal year, shall issue—

(I) an initial allocation of funds provided by the enactment of such legislation not later than the expiration of the 15-day period beginning on the date of the enactment of such legislation; and

(II) subsequent allocations of funds provided by the enactment of such legislation not later than the beginning of each of the second, third, and fourth quarters of the fiscal year; and

(ii) in the case of legislation providing funds for a period that ends prior to the end of a fiscal year, shall issue an initial allocation of funds provided by the enactment of such legislation not later than the expiration of the 10-day period beginning on the date of the enactment of such legislation.

(B) In any fiscal year—

(i) unused amounts from a prior fiscal year that are identified by the end of the first quarter of the fiscal year shall be recovered and reallocated not later than the beginning of the second quarter of the fiscal year; and

(ii) unused amounts from a prior fiscal year that are identified after the end of the first quarter of the fiscal year shall be recovered and reallocated on a timely basis.

(3) Notwithstanding any other provision of law, unless enacted in express limitation of this paragraph—

(A) the allocation of funds required by paragraph (2)(A)(i)(I) shall include not less than $\frac{1}{4}$ of the amounts appropriated by the legislation described in such paragraph;

(B) the allocations of funds required by paragraph (2)(A)(i)(II) to be made not later than the beginning of the second and third quarters of the fiscal year shall each include not less than $\frac{1}{4}$ of the amounts appropriated by the legislation described in such paragraph; and

(C) in the case of the enactment of legislation providing appropriations for a period of not more than 4 months, the allocation of funds required by paragraph (2)(A)(ii) shall include all amounts appropriated by such legislation except amounts reserved by the Secretary for purposes of carrying out paragraph (5).

(4) Of the sums appropriated for any fiscal year for programs authorized under this section, not less than nine-tenths of 1 percent shall be available first for services to eligible members of migrant populations. The migrant services shall be provided in a manner consistent with the priority system of a State for program participation.

(5) Of the sums appropriated for any fiscal year for the program under this section, one-half of 1 percent, not to exceed \$5,000,000, shall be available to the Secretary for the purpose of evaluating program performance, evaluating health benefits, preparing the report required under subsection (d)(4) of this section, providing technical assistance to improve State agency administrative systems, administration of pilot projects, including projects designed to meet the special needs of migrants, Indians, and rural populations, and carrying out technical assistance and research evaluation projects of the programs under this section.

(6) Upon the completion of the 1990 decennial census, the Secretary, in coordination with the Secretary of Commerce, shall make available an estimate, by State and county (or equivalent political subdivision) of the number of women, infants, and children who are members of families that have incomes below the maximum income limit for participation in the program under this section.

(h) Funds for nutrition services and administration

(1)(A) Each fiscal year, the Secretary shall make available, from amounts appropriated for such fiscal year under subsection (g)(1) of this section and amounts remaining from amounts appropriated under such subsection for the preceding fiscal year, an amount sufficient to guarantee a national average per participant grant to be allocated among State agencies for costs incurred by State and local agencies for nutrition services and administration for such year.

(B)(i) The amount of the national average per participant grant for nutrition services and administration for any fiscal year shall be an amount equal to the amount of the national average per participant grant for nutrition services and administration issued for the fiscal year 1987, as adjusted.

(ii) Such adjustment, for any fiscal year, shall be made by revising the national average per participant grant for nutrition services and administration for the fiscal year 1987 to reflect the percentage change between—

(I) the value of the index for State and local government purchases, using the implicit price deflator, as published by the Bureau of Economic Analysis of the Department of Commerce, for the 12-month period ending June 30, 1986; and

(II) the best estimate that is available as of the start of the fiscal year of the value of such index for the 12-month period ending June 30 of the previous fiscal year.

(C) In any fiscal year, amounts remaining from amounts appropriated for such fiscal year under subsection (g)(1) of this section and from amounts appropriated under such section for the preceding fiscal year, after carrying out subparagraph (A), shall be made available for food benefits under this section, except to the extent that such amounts are needed to carry out the purposes of subsections (g)(4) and (g)(5) of this section.

(2)(A) For each of the fiscal years 1995 through 1998, the Secretary shall allocate to each State agency from the amount described in paragraph (1)(A) an amount for costs of nutrition services and administration on the basis of a formula prescribed by the Secretary. Such formula—

(i) shall be designed to take into account—

(I) the varying needs of each State;

(II) the number of individuals participating in each State; and

(III) other factors which serve to promote the proper, efficient, and effective administration of the program under this section;

(ii) shall provide for each State agency—

(I) an estimate of the number of participants for the fiscal year involved; and

(II) a per participant grant for nutrition services and administration for such year;

(iii) shall provide for a minimum grant amount for State agencies; and

(iv) may provide funds, to the extent funds are not already provided under subparagraph (I)(v)² for the same purpose, to help defray reasonable anticipated expenses associated with innovations in cost containment or associated with procedures that tend to enhance competition.

(B)(i) Except as provided in clause (ii) and subparagraph (C), in any fiscal year, the total amount allocated to a State agency for costs of nutrition services and administration under the formula prescribed by the Secretary under subparagraph (A) shall constitute the State agency's operational level for such costs for such year even if the number of participants in the program at such agency is lower than the estimate provided under subparagraph (A)(ii)(I).

(ii) If a State agency's per participant expenditure for nutrition services and administration is more than 15 percent higher than its per participant grant for nutrition services and administration without good cause, the Secretary may reduce such State agency's operational level for costs of nutrition services and administration.

(C) In any fiscal year, the Secretary may reallocate amounts provided to State agencies under subparagraph (A) for such fiscal year. When reallocating amounts under the preceding sentence, the Secretary may provide additional amounts to, or recover amounts from, any State agency.

(3)(A) Except as provided in subparagraphs (B) and (C), in each fiscal year, each State agency shall expend—

(i) for nutrition education activities and breastfeeding promotion and support activities, an aggregate amount that is not less than the sum of—

(I) $\frac{1}{6}$ of the amounts expended by the State for costs of nutrition services and administration; and

(II) except as otherwise provided in subparagraphs (F) and (G), an amount equal to a proportionate share of the national minimum breastfeeding promotion expenditure, as described in subparagraph (E), with each State's share determined on the basis of the number of pregnant women and breastfeeding women in the program in the State as a percentage of the number of pregnant women and breastfeeding women in the program in all States; and

(ii) for breastfeeding promotion and support activities an amount that is not less than the amount determined for such State under clause (i)(II).

(B) The Secretary may authorize a State agency to expend an amount less than the amount described in subparagraph (A)(ii) for purposes of breastfeeding promotion and support activities if—

(i) the State agency so requests; and

(ii) the request is accompanied by documentation that other funds will be used to

² So in original. Probably should be "paragraph (8)(I)(v)".

conduct nutrition education activities at a level commensurate with the level at which such activities would be conducted if the amount described in subparagraph (A)(ii) were expended for such activities.

(C) The Secretary may authorize a State agency to expend for purposes of nutrition education an amount that is less than the difference between the aggregate amount described in subparagraph (A) and the amount expended by the State for breastfeeding promotion and support programs if—

- (i) the State agency so requests; and
- (ii) the request is accompanied by documentation that other funds will be used to conduct such activities.

(D) The Secretary shall limit to a minimal level any documentation required under this paragraph.

(E) In the case of fiscal year 1996 (except as provided in subparagraph (G)) and each subsequent fiscal year, the national minimum breastfeeding promotion expenditure means an amount that is—

- (i) equal to \$21 multiplied by the number of pregnant women and breastfeeding women participating in the program nationwide, based on the average number of pregnant women and breastfeeding women so participating during the last 3 months for which the Secretary has final data; and
- (ii) adjusted for inflation on October 1, 1996, and each October 1 thereafter, in accordance with paragraph (1)(B)(ii).

(F) In the case of fiscal year 1995, a State shall pay, in lieu of the expenditure required under subparagraph (A)(i)(II), an amount that is equal to the lesser of—

- (i) an amount that is more than the expenditure of the State for fiscal year 1994 on the activities described in subparagraph (A)(i); or
- (ii) an amount that is equal to \$21 multiplied by the number of pregnant women and breastfeeding women participating in the program in the State, based on the average number of pregnant women and breastfeeding women so participating during the last 3 months for which the Secretary has final data.

(G)(i) If the Secretary determines that a State agency is unable, for reasons the Secretary considers to be appropriate, to make the expenditure required under subparagraph (A)(i)(II) for fiscal year 1996, the Secretary may permit the State to make the required level of expenditure not later than October 1, 1996.

(ii) In the case of fiscal year 1996, if the Secretary makes a determination described in clause (i), a State shall pay, in lieu of the expenditure required under subparagraph (A)(i)(II), an amount that is equal to the lesser of—

- (I) an amount that is more than the expenditure of the State for fiscal year 1995 on the activities described in subparagraph (A)(i); and
- (II) an amount that is equal to \$21 multiplied by the number of pregnant women and breastfeeding women participating in the program in the State, based on the average number of pregnant women and breastfeeding women so participating during the last 3 months for which the Secretary has final data.

(4) The Secretary shall—

(A) in consultation with the Secretary of Health and Human Services, develop a definition of breastfeeding for the purposes of the program under this section;

(B) authorize the purchase of breastfeeding aids by State and local agencies as an allowable expense under nutrition services and administration;

(C) require each State agency to designate an agency staff member to coordinate breastfeeding promotion efforts identified in the State plan of operation and administration;

(D) require the State agency to provide training on the promotion and management of breastfeeding to staff members of local agencies who are responsible for counseling participants in the program under this section concerning breastfeeding; and

(E) not later than 1 year after November 2, 1994, develop uniform requirements for the collection of data regarding the incidence and duration of breastfeeding among participants in the program and, on development of the uniform requirements, require each State agency to report the data for inclusion in the report to Congress described in subsection (d)(4) of this section.

(5)(A) Subject to subparagraph (B), in any fiscal year that a State agency achieves, through use of acceptable measures, participation that exceeds the participation level estimated for such State agency under paragraph (2)(A)(ii)(I), such State agency may convert amounts allocated for food benefits for such fiscal year for costs of nutrition services and administration to the extent that such conversion is necessary—

- (i) to cover allowable expenditures in such fiscal year; and
- (ii) to ensure that the State agency maintains the level established for the per participant grant for nutrition services and administration for such fiscal year.

(B) If a State agency increases its participation level through measures that are not in the nutritional interests of participants or not otherwise allowable (such as reducing the quantities of foods provided for reasons not related to nutritional need), the Secretary may refuse to allow the State agency to convert amounts allocated for food benefits to defray costs of nutrition services and administration.

(C) For the purposes of this paragraph, the term “acceptable measures” includes use of cost containment measures, curtailment of vendor abuse, and breastfeeding promotion activities.

(6) In each fiscal year, each State agency shall provide, from the amounts allocated to such agency for such year for costs of nutrition services and administration, an amount to each local agency for its costs of nutrition services and administration. The amount to be provided to each local agency under the preceding sentence shall be determined under allocation standards developed by the State agency in cooperation with the several local agencies, taking into account factors deemed appropriate to further proper, efficient, and effective administration of the program, such as—

- (A) local agency staffing needs;

- (B) density of population;
- (C) number of individuals served; and
- (D) availability of administrative support from other sources.

(7) The State agency may provide in advance to any local agency any amounts for nutrition services and administration deemed necessary for successful commencement or significant expansion of program operations during a reasonable period following approval of—

- (A) a new local agency;
- (B) a new cost containment measure; or
- (C) a significant change in an existing cost containment measure.

(8)(A) No State may receive its allocation under this subsection unless on or before August 30, 1989 (or a subsequent date established by the Secretary for any State) such State has—

- (i) examined the feasibility of implementing cost containment measures with respect to procurement of infant formula, and, where practicable, other foods necessary to carry out the program under this section; and
- (ii) initiated action to implement such measures unless the State demonstrates, to the satisfaction of the Secretary, that such measures would not lower costs or would interfere with the delivery of formula or foods to participants in the program.

(B)(i) Except as provided in subparagraphs (C), (D), and (E)(iii), in carrying out subparagraph (A), any State that provides for the purchase of foods under the program at retail grocery stores shall, with respect to the procurement of infant formula, use—

- (I) a competitive bidding system; or
- (II) any other cost containment measure that yields savings equal to or greater than savings generated by a competitive bidding system when such savings are determined by comparing the amounts of savings that would be provided over the full term of contracts offered in response to a single invitation to submit both competitive bids and bids for other cost containment systems for the sale of infant formula.

(ii) In determining whether a cost containment measure other than competitive bidding yields equal or greater savings, the State, in accordance with regulations issued by the Secretary, may take into account other cost factors (in addition to rebate levels and procedures for adjusting rebate levels when wholesale price levels rise), such as—

- (I) the number of infants who would not be expected to receive the contract brand of infant formula under a competitive bidding system;
- (II) the number of cans of infant formula for which no rebate would be provided under another rebate system; and
- (III) differences in administrative costs relating to the implementation of the various cost containment systems (such as costs of converting a computer system for the purpose of operating a cost containment system and costs of preparing participants for conversion to a new or alternate cost containment system).

(C) In the case of any State that has a contract in effect on November 10, 1989, subparagraph (B) shall not apply to the program operated by such State under this section until the term of such contract, as such term is specified by the contract as in effect on November 10, 1989, expires. In the case of any State that has more than 1 such contract in effect on November 10, 1989, subparagraph (B) shall not apply until the term of the contract with the latest expiration date, as such term is specified by such contract as in effect on November 10, 1989, expires.

(D)(i) The Secretary shall waive the requirement of subparagraph (B) in the case of any State that demonstrates to the Secretary that—

(I) compliance with subparagraph (B) would be inconsistent with efficient or effective operation of the program operated by such State under this section; or

(II) the amount by which the savings yielded by an alternative cost containment system would be less than the savings yielded by a competitive bidding system is sufficiently minimal that the difference is not significant.

(ii) The Secretary shall prescribe criteria under which a waiver may be granted pursuant to clause (i).

(iii) The Secretary shall provide information on a timely basis to the Committee on Education and Labor of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate on waivers that have been granted under clause (i).

(E)(i) The Secretary shall provide technical assistance to small Indian State agencies carrying out this paragraph in order to assist such agencies to achieve the maximum cost containment savings feasible.

(ii) The Secretary shall also provide technical assistance, on request, to State agencies that desire to consider a cost containment system that covers more than 1 State agency.

(iii) The Secretary may waive the requirement of subparagraph (B) in the case of any Indian State agency that has not more than 1,000 participants.

(F) No State may enter into a cost containment contract (in this subparagraph referred to as the "original contract") that prescribes conditions that would void, reduce the savings under, or otherwise limit the original contract if the State solicited or secured bids for, or entered into, a subsequent cost containment contract to take effect after the expiration of the original contract.

(G)(i) The Secretary shall offer to solicit bids on behalf of State agencies regarding cost-containment contracts to be entered into by infant formula manufacturers and State agencies. The Secretary shall make the offer to State agencies once every 12 months. Each such bid solicitation shall only take place if two or more State agencies request the Secretary to perform the solicitation. For such State agencies, the Secretary shall solicit bids and select the winning bidder for a cost containment contract to be entered into by State agencies and infant formula manufacturers or suppliers.

(ii) If the Secretary determines that the number of State agencies making the election in clause (i) so warrants, the Secretary may, in

consultation with such State agencies, divide such State agencies into more than one group of such agencies and solicit bids for a contract for each such group. In determining the size of the groups of agencies, the Secretary shall, to the extent practicable, take into account the need to maximize the number of potential bidders so as to increase competition among infant formula manufacturers.

(iii) State agencies that elect to authorize the Secretary to perform the bid solicitation and selection process on their behalf and enter into the resulting containment contract shall obtain the rebates or discounts from the manufacturers or suppliers participating in the contract.

(iv) In soliciting bids and determining the winning bidder under clause (i), the Secretary shall comply with the requirements of subparagraphs (B) and (F).

(v)(I) Except as provided in subclause (II), the term of the contract for which bids are to be solicited under this paragraph shall be announced by the Secretary in consultation with the affected State agencies and shall be not less than 2 years.

(II) If the law of a State regarding the duration of contracts is inconsistent with subclause (I), the Secretary shall permit a 1-year contract, with the option provided to the State to extend the contract for additional years.

(vi) In prescribing specifications for the bids, the Secretary shall ensure that the contracts to be entered into by the State agencies and the infant formula manufacturers or suppliers provide for a constant net price for infant formula products for the full term of the contracts and provide for rebates or discounts for all units of infant formula sold through the program that are produced by the manufacturer awarded the contract and that are for a type of formula product covered under the contract. The contracts shall cover all types of infant formula products normally covered under cost containment contracts entered into by State agencies.

(vii) The Secretary shall also develop procedures for—

(I) rejecting all bids for any joint contract and announcing a resolicitation of infant formula bids where necessary;

(II) permitting a State agency that has authorized the Secretary to undertake bid solicitation on its behalf under this subparagraph to decline to enter into the joint contract to be negotiated and awarded pursuant to the solicitation if the agency promptly determines after the bids are opened that participation would not be in the best interest of its program; and

(III) assuring infant formula manufacturers submitting a bid under this subparagraph that a contract awarded pursuant to the bid will cover State agencies serving no fewer than a number of infants to be specified in the bid solicitation.

(viii) The bid solicitation and selection process on behalf of the State agencies shall be conducted in accordance with any procedures the Secretary deems necessary for the effective and efficient administration of the bid solicitation and selection process and consistent with the requirements of this subparagraph. The procedures established by the Secretary shall ensure that—

(I) the bid solicitation and selection process is conducted in a manner providing full and open competition; and

(II) the bid solicitation and selection process is free of any real or apparent conflict of interest.

(ix) Not later than September 30, 1996, the Secretary shall offer to solicit bids on behalf of State agencies regarding cost containment contracts to be entered into by infant cereal manufacturers and State agencies. In carrying out this clause, the Secretary shall, to the maximum extent feasible, follow the procedures prescribed in this subparagraph regarding offers made by the Secretary with regard to soliciting bids regarding infant formula cost containment contracts. The Secretary may carry out this clause without issuing regulations.

(H) In soliciting bids for contracts for infant formula for the program authorized by this section, the Secretary shall solicit bids from infant formula manufacturers under procedures in which bids for rebates or discounts are solicited for milk-based and soy-based infant formula, separately, except where the Secretary determines that such solicitation procedures are not in the best interest of the program.

(I) To reduce the costs of any supplemental foods, the Secretary—

(i) shall promote, but not require, the joint purchase of infant formula among State agencies electing not to participate under the procedures set forth in subparagraph (G);

(ii) shall encourage and promote (but not require) the purchase of supplemental foods other than infant formula under cost containment procedures;

(iii) shall inform State agencies of the benefits of cost containment and provide assistance and technical advice at State agency request regarding the State agency's use of cost containment procedures;

(iv) shall encourage (but not require) the joint purchase of supplemental foods other than infant formula under procedures specified in subparagraph (B), if the Secretary determines that—

(I) the anticipated savings are expected to be significant;

(II) the administrative expenses involved in purchasing the food item through competitive bidding procedures, whether under a rebate or discount system, will not exceed the savings anticipated to be generated by the procedures; and

(III) the procedures would be consistent with the purposes of the program; and

(v) may make available additional funds to State agencies out of the funds otherwise available under paragraph (1)(A) for nutrition services and administration in an amount not exceeding one half of 1 percent of the amounts to help defray reasonable anticipated expenses associated with innovations in cost containment or associated with procedures that tend to enhance competition.

(J)(i) Any person, company, corporation, or other legal entity that submits a bid to supply infant formula to carry out the program authorized by this section and announces or otherwise

discloses the amount of the bid, or the rebate or discount practices of such entities, in advance of the time the bids are opened by the Secretary or the State agency, or any person, company, corporation, or other legal entity that makes a statement (prior to the opening of bids) relating to levels of rebates or discounts, for the purpose of influencing a bid submitted by any other person, shall be ineligible to submit bids to supply infant formula to the program for the bidding in progress for up to 2 years from the date the bids are opened and shall be subject to a civil penalty of up to \$100,000,000, as determined by the Secretary to provide restitution to the program for harm done to the program. The Secretary shall issue regulations providing such person, company, corporation, or other legal entity appropriate notice, and an opportunity to be heard and to respond to charges.

(ii) The Secretary shall determine the length of the disqualification, and the amount of the civil penalty referred to in clause (i) based on such factors as the Secretary by regulation determines appropriate.

(iii) Any person, company, corporation, or other legal entity disqualified under clause (i) shall remain obligated to perform any requirements under any contract to supply infant formula existing at the time of the disqualification and until each such contract expires by its terms.

(K) Not later than the expiration of the 180-day period beginning on October 24, 1992, the Secretary shall prescribe regulations to carry out this paragraph.

(L) A State shall not incur any interest liability to the Federal Government on rebate funds for infant formula and other foods if all interest earned by the State on the funds is used for program purposes.

(M)(i) The Secretary shall establish pilot projects in at least 1 State, with the consent of the State, to determine the feasibility and cost of requiring States to carry out a system for using universal product codes to assist retail food stores that are vendors under the program in providing the type of infant formula that the participants in the program are authorized to obtain. In carrying out the projects, the Secretary shall determine whether the system reduces the incidence of incorrect redemptions of low-iron formula or brands of infant formula not authorized to be redeemed through the program, or both.

(ii) The Secretary shall provide a notification to the Committee on Education and Labor of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate regarding whether the system is feasible, is cost-effective, reduces the incidence of incorrect redemptions described in clause (i), and results in any additional costs to States.

(iii) The system shall not require a vendor under the program to obtain special equipment and shall not be applicable to a vendor that does not have equipment that can use universal product codes.

(9) For purposes of this subsection, the term "cost containment measure" means a competitive bidding, rebate, direct distribution, or home delivery system implemented by a State agency

as described in its approved plan of operation and administration.

(10)(A) For each of fiscal years 1995 through 1998, the Secretary shall use for the purposes specified in subparagraph (B), \$10,000,000 or the amount of nutrition services and administration funds for the prior fiscal year that has not been obligated, whichever is less.

(B) Funds under subparagraph (A) shall be used for—

(i) development of infrastructure for the program under this section, including management information systems;

(ii) special State projects of regional or national significance to improve the services of the program under this section; and

(iii) special breastfeeding support and promotion projects, including projects to assess the effectiveness of particular breastfeeding promotion strategies and to develop State or local agency capacity or facilities to provide quality breastfeeding services.

(i) Division of funds formula; reallocation of unspent funds; use of State allocation to buy supplemental foods; use of amounts available for succeeding fiscal year

(1) By the beginning of each fiscal year, the Secretary shall divide, among the State agencies, the amounts made available for food benefits under subsection (h)(1)(C) of this section on the basis of a formula determined by the Secretary.

(2) Each State agency's allocation, as so determined, shall constitute the State agency's authorized operational level for that year, except that the Secretary shall reallocate funds periodically if the Secretary determines that a State agency is unable to spend its allocation.

(3)(A) Notwithstanding paragraph (2) and subject to subparagraphs (B) and (C)—

(i) not more than 1 percent (except as provided in subparagraph (H)) of the amount of funds allocated to a State agency under this section for supplemental foods for a fiscal year may be expended by the State agency for expenses incurred under this section for supplemental foods during the preceding fiscal year; and

(ii) not more than 1 percent of the amount of funds allocated to a State agency for a fiscal year under this section may be expended by the State agency during the subsequent fiscal year.

(B) Any funds made available to a State agency in accordance with subparagraph (A)(ii) for a fiscal year shall not affect the amount of funds allocated to the State agency for such year.

(C) The total amount of funds transferred from any fiscal year under clauses (i) and (ii) of subparagraph (A) shall not exceed 1 percent of the amount of the funds allocated to a State agency for such fiscal year.

(D) For State agencies implementing cost containment measures as defined in subsection (h)(9) of this section, not more than 5 percent of the amount of funds allocated under this section to such a State agency for supplemental foods for the fiscal year in which the system is implemented, and not more than 3 percent of the amount of funds allocated to such a State agen-

cy for the fiscal year following the fiscal year in which the system is implemented, may be expended by the State agency for expenses incurred under this section for supplemental foods during the succeeding fiscal year.

(E) Notwithstanding any other provision in this paragraph and paragraph (2) a State agency may, subject to the approval of the Secretary under subparagraph (F), expend not more than 3 percent of the amount of funds allocated to such agency for supplemental foods for the fiscal year 1991 for expenses incurred under this section for supplemental foods during the fiscal year 1990.

(F) Each State agency which intends to use the authority provided in subparagraph (E) shall request approval from the Secretary in advance and shall submit a plan showing how the State's caseload will be managed to meet funding limitations. The Secretary shall review and make determinations on such plans on an expedited basis.

(G) No State can use the authority provided under subparagraph (E) to increase the caseload level above the highest level to date in fiscal year 1990.

(H) The Secretary may authorize a State agency to expend not more than 3 percent of the amount of funds allocated to a State under this section for supplemental foods for a fiscal year for expenses incurred under this section for supplemental foods during the preceding fiscal year, if the Secretary determines that there has been a significant reduction in infant formula cost containment savings provided to the State agency that would affect the ability of the State agency to at least maintain the level of participation by eligible participants served by the State agency.

(4) For purposes of the formula, if Indians are served by the health department of a State, the formula shall be based on the State population inclusive of the Indians within the State boundaries.

(5) If Indians residing in the State are served by a State agency other than the health department of the State, the population of the tribes within the jurisdiction of the State being so served shall not be included in the formula for such State, and shall instead be included in the formula for the State agency serving the Indians.

(6) Notwithstanding any other provision of this section, the Secretary may use a portion of a State agency's allocation to purchase supplemental foods for donation to the State agency under this section.

(7) In addition to any amounts expended under paragraph (3)(A)(i), any State agency using cost containment measures as defined in subsection (h)(9) of this section may temporarily use amounts made available to such agency for the first quarter of a fiscal year to defray expenses for costs incurred during the final quarter of the preceding fiscal year. In any fiscal year, any State agency that uses amounts made available for a succeeding fiscal year under the authority of the preceding sentence shall restore or reimburse such amounts when such agency receives payment as a result of its cost containment measures for such expenses.

(j) Initiative to provide program services at community and migrant health centers

(1) The Secretary and the Secretary of Health and Human Services (referred to in this subsection as the "Secretaries") shall jointly establish and carry out an initiative for the purpose of providing both supplemental foods and nutrition education under the special supplemental nutrition program and health care services to low-income pregnant, postpartum, and breastfeeding women, infants, and children at substantially more community health centers and migrant health centers.

(2) The initiative shall also include—

(A) activities to improve the coordination of the provision of supplemental foods and nutrition education under the special supplemental nutrition program and health care services at facilities funded by the Indian Health Service; and

(B) the development and implementation of strategies to ensure that, to the maximum extent feasible, new community health centers, migrant health centers, and other federally supported health care facilities established in medically underserved areas provide supplemental foods and nutrition education under the special supplemental nutrition program.

(3) The initiative may include—

(A) outreach and technical assistance for State and local agencies and the facilities described in paragraph (2)(A) and the health centers and facilities described in paragraph (2)(B);

(B) demonstration projects in selected State or local areas; and

(C) such other activities as the Secretaries find are appropriate.

(4)(A) Not later than April 1, 1995, the Secretaries shall provide to Congress a notification concerning the actions the Secretaries intend to take to carry out the initiative.

(B) Not later than July 1, 1996, the Secretaries shall provide to Congress a notification concerning the actions the Secretaries are taking under the initiative or actions the Secretaries intend to take under the initiative as a result of their experience in implementing the initiative.

(C) On completion of the initiative, the Secretaries shall provide to Congress a notification concerning an evaluation of the initiative by the Secretaries and a plan of the Secretaries to further the goals of the initiative.

(5) As used in this subsection:

(A) The term "community health center" has the meaning given the term in section 254c(a) of this title.

(B) The term "migrant health center" has the meaning given the term in section 254b(a)(1) of this title.

(k) National Advisory Council on Maternal, Infant, and Fetal Nutrition; establishment; membership; term; officers; meetings; quorum; study on program improvement; report to President and Congress; technical assistance by Secretary

(1) There is hereby established a National Advisory Council on Maternal, Infant, and Fetal Nutrition (referred to in this subsection as the

“Council”) composed of 24 members appointed by the Secretary. One member shall be a State director of a program under this section; one member shall be a State official responsible for a commodity supplemental food program under section 1304 of the Food and Agriculture Act of 1977; one member shall be a State fiscal officer of a program under this section (or the equivalent thereof); one member shall be a State health officer (or the equivalent thereof); one member shall be a local agency director of a program under this section in an urban area; one member shall be a local agency director of a program under this section in a rural area; one member shall be a project director of a commodity supplemental food program; one member shall be a State public health nutrition director (or the equivalent thereof); one member shall be a representative of an organization serving migrants; one member shall be an official from a State agency predominantly serving Indians; three members shall be parent participants of a program under this section or of a commodity supplemental food program; one member shall be a pediatrician; one member shall be an obstetrician; one member shall be a representative of a nonprofit public interest organization that has experience with and knowledge of the special supplemental nutrition program; one member shall be a person involved at the retail sales level of food in the special supplemental nutrition program; two members shall be officials of the Department of Health and Human Services appointed by the Secretary of Health and Human Services; two members shall be officials of the Department of Agriculture appointed by the Secretary; 1 member shall be an expert in the promotion of breast feeding; one member shall be an expert in drug abuse education and prevention; and one member shall be an expert in alcohol abuse education and prevention.

(2) Members of the Council appointed from outside the Department of Agriculture and the Department of Health and Human Services shall be appointed for terms not exceeding three years. State and local officials shall serve only during their official tenure, and the tenure of parent participants shall not exceed two years. Persons appointed to complete an unexpired term shall serve only for the remainder of such term.

(3) The Secretary shall designate a Chairman and a Vice Chairman. The Council shall meet at the call of the Chairman, but shall meet at least once a year. Eleven members shall constitute a quorum.

(4) The Council shall make a continuing study of the operation of the program under this section and related programs to determine how the program may be improved. The Council shall submit once every two years to the President and Congress, beginning with the fiscal year ending September 30, 1980, a written report, together with its recommendations on such program operations.

(5) The Secretary shall provide the Council with such technical and other assistance, including secretarial and clerical assistance, as may be required to carry out its functions.

(6) Members of the Council shall serve without compensation but shall be reimbursed for nec-

essary travel and subsistence expenses incurred by them in the performance of the duties of the Council. Parent participant members of the Council, in addition to reimbursement for necessary travel and subsistence, shall, at the discretion of the Secretary, be compensated in advance for other personal expenses related to participation on the Council, such as child care expenses and lost wages during scheduled Council meetings.

(l) Donation of foods by Secretary

Foods available under section 1431 of title 7, including, but not limited to, dry milk, or purchased under section 612c of title 7, may be donated by the Secretary, at the request of a State agency, for distribution to programs conducted under this section. The Secretary may purchase and distribute, at the request of a State agency, supplemental foods for donation to programs conducted under this section, with appropriated funds, including funds appropriated under this section.

(m) Women, infants, and children farmers' market nutrition program; establishment, grants, etc.

(1) Subject to the availability of funds appropriated for the purposes of this subsection, and as specified in this subsection, the Secretary shall award grants to States that submit State plans that are approved for the establishment or maintenance of programs designed to provide recipients of assistance under subsection (c) of this section, or those who are on the waiting list to receive the assistance, with coupons that may be exchanged for fresh, nutritious, unprepared foods at farmers' markets, as defined in the State plans submitted under this subsection.

(2) A grant provided to any State under this subsection shall be provided to the chief executive officer of the State, who shall—

(A) designate the appropriate State agency or agencies to administer the program in conjunction with the appropriate nonprofit organizations; and

(B) ensure coordination of the program among the appropriate agencies and organizations.

(3) The Secretary shall not make a grant to any State under this subsection unless the State agrees to provide State, local, or private funds for the program in an amount that is equal to not less than 30 percent of the total cost of the program, which may be satisfied from State contributions that are made for similar programs. The Secretary may negotiate with an Indian State agency a lower percentage of matching funds than is required under the preceding sentence, but not lower than 10 percent of the total cost of the program, if the Indian State agency demonstrates to the Secretary financial hardship for the affected Indian tribe, band, group, or council.

(4) Subject to paragraph (6), the Secretary shall establish a formula for determining the amount of the grant to be awarded under this subsection to each State for which a State plan is approved under paragraph (6), according to the number of recipients proposed to participate as specified in the State plan. In determining

the amount to be awarded to new States, the Secretary shall rank order the State plans according to the criteria of operation set forth in this subsection, and award grants accordingly. The Secretary shall take into consideration the minimum amount needed to fund each approved State plan, and need not award grants to each State that submits a State plan.

(5) Each State that receives a grant under this subsection shall ensure that the program for which the grant is received complies with the following requirements:

(A) Individuals who are eligible to receive Federal benefits under the program shall only be individuals who are receiving assistance under subsection (c) of this section, or who are on the waiting list to receive the assistance.

(B) Construction or operation of a farmers' market may not be carried out using funds—

(i) provided under the grant; or

(ii) required to be provided by the State under paragraph (3).

(C) The value of the Federal share of the benefits received by any recipient under the program may not be—

(i) less than \$10 per year; or

(ii) more than \$20 per year.

(D) The coupon issuance process under the program shall be designed to ensure that coupons are targeted to areas with—

(i) the highest concentration of eligible individuals;

(ii) the greatest access to farmers' markets; and

(iii) certain characteristics, in addition to those described in clauses (i) and (ii), that are determined to be relevant by the Secretary and that maximize the availability of benefits to eligible individuals.

(E) The coupon redemption process under the program shall be designed to ensure that the coupons may be—

(i) redeemed only by producers authorized by the State to participate in the program; and

(ii) redeemed only to purchase fresh nutritious unprepared food for human consumption.

(F)(i) Except as provided in clauses (ii) and (iii), the State may use for administration of the program in any fiscal year not more than 17 percent of the total amount of program funds.

(ii) During any fiscal year for which a State receives assistance under this subsection, the Secretary shall permit the State to use not more than 2 percent of total program funds for market development or technical assistance to farmers' markets if the Secretary determines that the State intends to promote the development of farmers' markets in socially or economically disadvantaged areas, or remote rural areas, where individuals eligible for participation in the program have limited access to locally grown fruits and vegetables.

(iii) The provisions of clauses (i) and (ii) with respect to the use of program funds shall not apply to any funds that a State may contribute in excess of the funds used by the

State to meet the requirements of paragraph (3).

(G) The State shall ensure that no State or local taxes are collected within the State on purchases of food with coupons distributed under the program.

(6)(A) The Secretary shall give the same preference for funding under this subsection to eligible States that participated in the program under this subsection in a prior fiscal year as to States that participated in the program in the most recent fiscal year. The Secretary shall inform each State of the award of funds as prescribed by subparagraph (G) by February 15 of each year.

(B)(i) Subject to the availability of appropriations, if a State provides the amount of matching funds required under paragraph (3), the State shall receive assistance under this subsection in an amount that is not less than the amount of such assistance that the State received in the most recent fiscal year in which it received such assistance.

(ii) If amounts appropriated for any fiscal year pursuant to the authorization contained in paragraph (10) for grants under this subsection are not sufficient to pay to each State for which a State plan is approved under paragraph (6) the amount that the Secretary determines each such State is entitled to under this subsection, each State's grant shall be ratably reduced, except that (if sufficient funds are available) each State shall receive at least \$75,000 or the amount that the State received for the prior fiscal year if that amount is less than \$75,000.

(C) In providing funds to serve additional recipients in a State that received assistance under this subsection in the previous fiscal year, the Secretary shall consider—

(i) the availability of any such assistance not spent by the State during the program year for which the assistance was received;

(ii) documentation that justifies the need for an increase in participation; and

(iii) demonstrated ability to satisfactorily operate the existing program.

(D)(i) A State that desires to receive a grant under this subsection shall submit, for each fiscal year, a State plan to the Secretary by November 15 of each year.

(ii) Each State plan submitted under this paragraph shall contain—

(I) the estimated cost of the program and the estimated number of individuals to be served by the program;

(II) a description of the State plan for complying with the requirements established in paragraph (5); and

(III) criteria developed by the State with respect to authorization of producers to participate in the program.

(iii) The criteria developed by the State as required by clause (ii)(III) shall require any authorized producer to sell fresh nutritious unprepared foods (such as fruits and vegetables) to recipients, in exchange for coupons distributed under the program.

(E) The Secretary shall establish objective criteria for the approval and ranking of State plans submitted under this paragraph.

(F) In approving and ranking State plans submitted under this paragraph, the Secretary shall—

(i) favorably consider a State's prior experiences with this or similar programs;

(ii) favorably consider a State's operation of a similar program with State or local funds that can present data concerning the value of the program;

(iii) require that if a State receiving a grant under this section applies the Federal grant to a similar program operated in the previous fiscal year with State or local funds, the State shall not reduce in any fiscal year the amount of State and local funds available to the program in the preceding fiscal year after receiving funds for the program under this subsection;

(iv) give preference to State plans that would serve areas in the State that have—

(I) the highest concentration of eligible persons;

(II) the greatest access to farmers' markets;

(III) broad geographical area;

(IV) the greatest number of recipients in the broadest geographical area within the State; and

(V) any other characteristics, as determined appropriate by the Secretary, that maximize the availability of benefits to eligible persons; and

(v) take into consideration the amount of funds available and the minimum amount needed by each applicant State to successfully operate the program.

(G)(i) An amount equal to 75 percent of the funds available after satisfying the requirements of subparagraph (B) shall be made available to States participating in the program that wish to serve additional recipients, and whose State plan to do so is approved by the Secretary. If this amount is greater than that necessary to satisfy the approved State plans for additional recipients, the unallocated amount shall be applied toward satisfying any unmet need of States that have not participated in the program in the prior fiscal year, and whose State plans have been approved.

(ii) An amount equal to 25 percent of the funds available after satisfying the requirements of subparagraph (B) shall be made available to States that have not participated in the program in the prior fiscal year, and whose State plans have been approved by the Secretary. If this amount is greater than that necessary to satisfy the approved State plans for new States, the unallocated amount shall be applied toward satisfying any unmet need of States that desire to serve additional recipients, and whose State plans have been approved.

(iii) In any fiscal year, any funds that remain unallocated after satisfying the requirements of clauses (i) and (ii) shall be reallocated in the following fiscal year according to procedures established pursuant to paragraph (10)(B)(ii).

(7)(A) The value of the benefit received by any recipient under any program for which a grant is received under this subsection may not affect the eligibility or benefit levels for assistance under other Federal or State programs.

(B) Any programs for which a grant is received under this subsection shall be supplementary to the food stamp program carried out under the Food Stamp Act of 1977 (7 U.S.C. 2011 et seq.) and to any other Federal or State program under which foods are distributed to needy families in lieu of food stamps.

(8) For each fiscal year, the Secretary shall collect from each State that receives a grant under this subsection information relating to—

(A) the number and type of recipients served by both Federal and non-Federal benefits under the program for which the grant is received;

(B) the rate of redemption of coupons distributed under the program;

(C) the average amount distributed in coupons to each recipient;

(D) the change in consumption of fresh fruits and vegetables by recipients, if the information is available;

(E) the effects of the program on farmers' markets, if the information is available; and

(F) any other information determined to be necessary by the Secretary.

(9)(A) The Secretary shall submit to the Committee on Education and Labor and the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate a compilation of the information collected under paragraph (8).

(B) The compilation required by subparagraph (A) shall be submitted on or before April 1, 1994.

(10)(A) There are authorized to be appropriated to carry out this subsection \$8,000,000 for fiscal year 1994, \$10,500,000 for fiscal year 1995, and such sums as may be necessary for each of fiscal years 1996 through 1998.

(B)(i)(I) Each State shall return to the Secretary any funds made available to the State that are unobligated at the end of the fiscal year for which the funds were originally allocated. The unexpended funds shall be returned to the Secretary by February 1st of the following fiscal year.

(II) Notwithstanding any other provision of this subsection, a total of not more than 5 percent of funds made available to a State for any fiscal year may be expended by the State to reimburse expenses incurred for a program assisted under this subsection during the preceding fiscal year.

(ii) The Secretary shall establish procedures to reallocate funds that are returned under clause (i).

(11) For purposes of this subsection:

(A) The term "coupon" means a coupon, voucher, or other negotiable financial instrument by which benefits under this section are transferred.

(B) The term "program" means—

(i) the State farmers' market coupon nutrition program authorized by this subsection (as it existed on September 30, 1991); or

(ii) the farmers' market nutrition program authorized by this subsection.

§ 1788. Nutrition education and training**(a) Congressional findings**

Congress finds that—

(1) the proper nutrition of the Nation's children is a matter of highest priority;

(2) the lack of understanding of the principles of good nutrition and their relationship to health can contribute to a child's rejection of highly nutritious foods and consequent plate waste in school food service operations;

(3) many school food service personnel have not had adequate training in food service management skills and principles, and many teachers and school food service operators have not had adequate training in the fundamentals of nutrition or how to convey this information so as to motivate children to practice sound eating habits;

(4) parents exert a significant influence on children in the development of nutritional habits and lack of nutritional knowledge on the part of parents can have detrimental effects on children's nutritional development; and

(5) there is a need to create opportunities for children to learn about the importance of the principles of good nutrition in their daily lives and how these principles are applied in the school cafeteria.

(b) Statement of purpose

It is the purpose of this section to encourage effective dissemination of scientifically valid information to children participating or eligible to participate in the school lunch and related child nutrition programs by establishing a system of grants to State educational agencies for the development of comprehensive nutrition education and training programs. Such nutrition education programs shall fully use as a learning laboratory the school lunch and child nutrition programs.

(c) "Nutrition education and training program" defined

For purposes of this section, the term "nutrition education and training program" means a multidisciplinary program by which scientifically valid information about foods and nutrients is imparted in a manner that individuals receiving such information will understand the principles of nutrition and seek to maximize their well-being through food consumption practices. Nutrition education programs shall include, but not be limited to, (A) instructing students with regard to the nutritional value of foods and the relationship between food and human health; (B) training child nutrition program personnel in the principles and practices of food service management; (C) instructing teachers in sound principles of nutrition education; (D) developing and using classroom materials and curricula; and (E) providing information to parents and caregivers regarding the nutritional value of food and the relationship between food and health.

(4) The Secretary, in carrying out the provisions of this subsection, shall make grants to State educational agencies who, in turn, may contract with land-grant colleges eligible to receive funds under the Act of July 2, 1862 [7 U.S.C. 301 et seq.], or the Act of August 30, 1890 [7 U.S.C. 321 et seq.], including the Tuskegee Institute, other institutions of higher education, and nonprofit organizations and agencies, for the training of educational, school food service, child care, and summer food service personnel with respect to providing nutrition education programs in schools and the training of school food service personnel in school food service management, in coordination with the activities authorized under section 21 of the National School Lunch Act [42 U.S.C. 1769b-1]. Such grants may be used to develop and conduct training programs for early childhood, elementary, and secondary educational personnel and food service personnel with respect to the relationship between food, nutrition, and health; educational methods and techniques, and issues relating to nutrition education; and principles

and skills of food service management for cafeteria personnel.

(5) The State, in carrying out the provisions of this subsection, may contract with State and local educational agencies, land-grant colleges eligible to receive funds under the Act of July 2, 1862 [7 U.S.C. 301 et seq.], or the act of August 30, 1890 [7 U.S.C. 321 et seq.], including the Tuskegee Institute, other institutions of higher education, and other public or private nonprofit educational or research agencies, institutions, or organizations to pay the cost of pilot demonstration projects in elementary and secondary schools, and in child care institutions and summer food service institutions, with respect to nutrition education.
